## **Discover the Evolution:**

The EBT-C is setting new standards in the torque multiplier market. Experience the blend of compact design, precise torque measurement and exceptional thermal management that makes the EBT-C the tool of choice for those who refuse to compromise on safety and reliability.

## **Thermal Stability:**

Keep working longer with a tool that stays cool and reliable.

## **Accuracy You Can Trust:**

Achieve precise torque bolting every time with 'intelligent joint sensing' technology. The EBT-C continually measures joint during tightening, employing dynamic breaking to avoid torque over-shoot.

## **Premium Quality, Best in Class Components:**

Invest in a product that stands up to the toughest jobs and delivers top-tier results. With over 70 years' experience in designing and manufacturing power tools our world renowned gearboxes are the best in class.

## **Compact Power, More Than 20% Smaller\*:**

The EBT-C redefines what it means to be both lightweight and powerful. Its compact design allows for unparalleled ease of use in tight spaces without sacrificing performance.

\*when compared to EBT equivalent

**THE EBT-C DELIVERS UNPARALLELED  
TORQUE ACCURACY WHILE STAYING  
REMARKABLY COOL THANKS TO ITS  
INNOVATIVE DESIGN**

# DRILCO

NOTE: Existing reactions for 68 mm gearbox will work with EBT-C 1100

Other reaction accessories such as a nose extension will follow after launch

Where a more bespoke reaction is required, our 'engineer to order' service remains available
