

Mini Inline Key Switch Double Pole 5025

Product Description

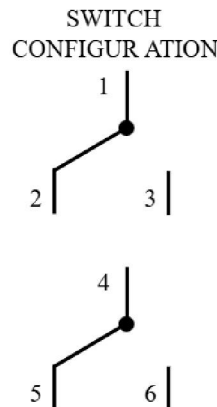

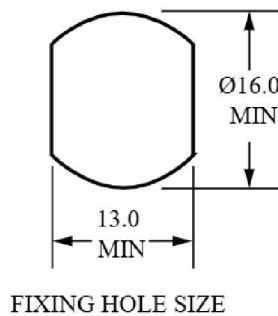

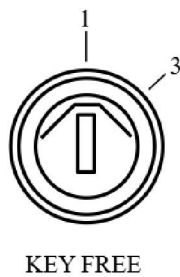

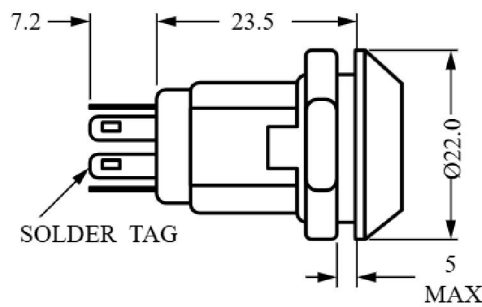

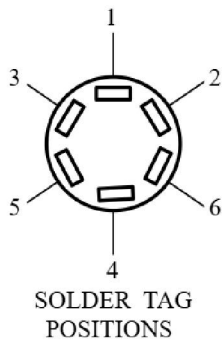

A Mini, Inline, Double Pole Key Switch 5025 and 5026, both available in bright chrome with a double D fixing hole shape. Once connected to a C.K. low voltage switch, the 5025 and 5026 key switches can be used to control two circuits. This makes it ideal for use in Enclosure applications or anywhere a circuit needs to be controlled by use of a key.

- **Standard movements:** key free 1, 3
- **Lock combinations:** 200
- **Standard finish:** bright chrome
- **Fixing hole shape:** Double D
- **Switch Type Available:** C.K. (Low Voltage) Switch
- **Soldering Specification:** see Technical Resources

Options

| Product Code | Combinations | Max Panel Thickness | Indexing | Total Movement | Key Free | Body Length | Head Height | Head Width |
|--------------|--------------|---------------------|----------|----------------|----------|-------------|-------------|------------|
| 5025-26-2A   | 200          | 5                   | 60°      | 60°            | 1, 3     | 30.7        | 22          | 22         |
| 5026-25-2A   | 200          | 5                   | 60°      | 60°            | 1        | 30.7        | 22          | 22         |
