

### Mini Inline Key Switch Single Pole 2921

### Product Description

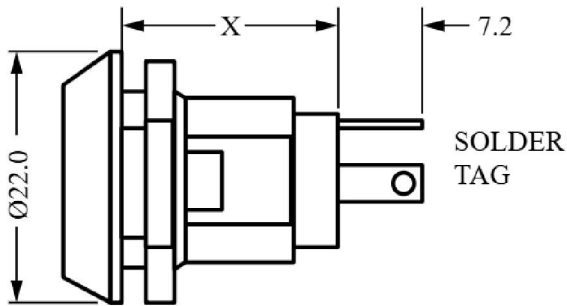

A range of Mini, Inline, Single Pole Key Switches available in bright chrome with a double D fixing hole shape. Once connected to a C.K. low voltage switch, these key switches can be used to control a single circuit. This makes it ideal for use in Enclosure applications or anywhere a circuit needs to be controlled by use of a key.

- **Standard movements:** key free 1, 4, 7
- **Lock combinations:** 200
- **Standard finish:** bright chrome
- **Fixing hole shape:** Double D
- **Switch Type Available:** C.K. (Low Voltage) Switch
- **Soldering Specification:** see [Technical Resources](#)
